

# Short Story Unit – Honors Homework Packet

At the end of the Short Story Unit, you will be expected to turn in a compilation of all homework assignments from each short story that we covered. Following is a list of homework that has been / will be assigned throughout the course of the unit. Each assignment should be completed with long, detailed responses that make direct reference to the text being analyzed. Remember to write in complete sentences and re-state the question in your response. Clearly label each assignment in the top margin of your paper, as listed below. Bring your already assembled homework packet to class on the due date, stapled with a cover sheet. On your cover sheet you must include your name, date, hour, title of assignment (e.g. Short Story Homework Packet).
